

Sapporo, Japan – May 26, 2019

Call for Papers

Please, submit your contribution to:

<https://www.epapers.org/iscas2019/ESR/login.php?epsc=fc2>

Main scope of FoodCAS Satellite Event @ISCAS 2019 is to bring together contributions about innovative CAS-based solutions for the Food Chain, with main focuses on:

- Circuits and Systems for Food production, transportation & quality assessment
- Tools and technologies for detection, separation and manipulation of food samples
- Nano and Micro technology (acoustic, optic, fluidics, ...) for Food and Beverage applications
- Signal and image processing for Food & Beverage applications
- IoT devices and networks for precision agriculture, food processing, goods transportation and packaging

- Authors are invited to contribute and participate submitting a **1-page Abstract** on-line using Epapers review system using the IEEE Conference template
- Accepted papers will be selected for a **20 minutes oral presentation or poster**
- Selected papers will be published in a **Special Issue** of the **Transactions of Biomedical Circuits and Systems**

For any information, please contact
daniilo.demarchi@polito.it

Important Dates

- 1-page Abstract Submission Deadline:
November 30, 2018
- Author Notification
January 24, 2019
- Final 4-page Manuscript Submission / Author Registration Deadline
February 18, 2019

Organising Committee

Daniilo Demarchi

Politecnico di Torino, Italy

Mohamad Sawan

Polytechnique Montreal, Canada

Tetsuya Osaka

Waseda University, Japan

Yosi Shacham

Tel Aviv University, Israel

John Verboncoeur

Chair IEEE SmartAg - Michigan State University

Sho Hideshima

Shinshu University, Japan

Franco Fassio

University of Gastronomic Sciences, Italy

Stefano Giordano

University of Pisa, Italy

Alberto Tallone

University of Gastronomic Sciences, Italy

Nanjia Zhou

Westlake University, China

Daniilo Pani

University of Cagliari, Italy

Alessandro Sanginario

Politecnico di Torino, Italy
